PRODUCT TECHNICAL MANAGER – MOLECULAR BIOLOGY

£Competitive Salary +Profit Share Scheme +Endless Opportunity

YouSeq is a fast-growing biotechnology start-up. We make molecular diagnostic kits that are used in hospitals and labs around the world to help fight COVID19, cancer and other diseases.

We are looking for an experienced molecular biologist to help support our rapid growth. The successful candidate will play a key role in the business, supporting both our internal team and our customers with technical expertise.

YouSeq is a start-up and this role comes with all the fun that that brings. Your work-life will be varied and fast moving. You'll need to be ready to pivot and move as the company grows. We can't offer you a defined career path, but we can offer you an infinite opportunity to have influence, to shape, to do good and to have a fast-growing career in a fast-growing company.

The ideal candidate will have deep knowledge of real-time qPCR and molecular diagnostics. They will have excellent interpersonal skills and thrive by supporting others. They will have professional experience and appreciate the benefits that a well-structured ISO13485 quality management system can bring.

The role:

- Technical leadership of the product lines
- Technical support to our most valuable customers
- Professional development of team members
- Overall responsibility for QC data interpretation
- Writing and reviewing SOPs, handbooks and other Technical documents

Essential experience/qualifications:

- Deep knowledge of qPCR (minimum 8 years' experience)
- ISO13485 QMS experience (minimum 5 years' experience)
- Direct line management (minimum 2 years' experience)
- Outstanding interpersonal skills
- Masters or PhD in relevant biological science

If you would like to apply, please forward a covering letter and CV to hr@youseq.com
