

VACANCY: QUALITY ASSURANCE ASSISTANT (MOLECULAR BIOLOGY)

£22k per annum + profit share scheme + endless opportunity

YouSeq is a biotechnology start-up. We make molecular testing kits that are used in hospitals and labs around the world to help fight infectious diseases, cancer and other diseases.

We are looking for an ambitious individual to grab an opportunity to make a name for themselves in our business as it grows. The successful candidate will, in time and after training, have the opportunity to support regulatory compliance of projects and lead daily activities within the company's Quality Management System.

YouSeq is a start-up and this role comes with all the fun that that brings. Your work-life will be varied and fast moving. You'll need to be ready to pivot and move as the company grows. We can't offer you a defined career path, but we can offer you an infinite opportunity to have influence, to shape, to do good and to have a fast-growing career in a fast-growing company.

The ideal candidate will have a life science degree or 1+ years of relevant experience in a QA/RA role. They will be a meticulous, high energy individual with a great attention to detail and excellent communication skills. They will be confident enough to work alongside and critique all members of the company and have a pragmatic, intelligent approach to ensuring things are done properly.

The role will be varied and dynamic but will include:

- Support staff working within QMS of ISO13485
- Support CE marking of clinical diagnostic kits
- Maintain documentation and keep meticulous records
- Drive improvement within the company

Essential qualifications

- Life science degree
- OR Biology A-level and 1+ years experience in QA/RA role

Desirable

- Working knowledge of molecular biology techniques (DNA sequencing and or qPCR)
- Working knowledge of ISO13485

If you would like to apply, please forward a covering letter and CV to hello@youseq.com
